Stage instruction – **MORAN MAGAL** Version: 2025

Preliminary note
This stage instruction is a binding part of the contract. Compliance is imperative to ensure a smooth flow and the
best quality of the show!

The following must be supplied from the venue:
1. A stage with at least 2 monitors (wedges).
2. A professional lighting system with a lighting technician
3. PA sound system adapted to the event size
4. FOH with a mixing console
5. DI-Boxes as listed below + all needed cables to connect the boxes to the mixing console
5. A professional Sound engineer
6. 2 singing microphone stands
7. 2 Keyboards Stands
8. Additional wood piece/metal case/ on the top of the keyboards stand to place upon the looper/ drum pad/small keyboards. The minimum length of the wood/metal piece should be minimum 1,1 meter length and 0,3 meter wide. (usually a metal case of the sound console works well too) - picture attached.

If the conditions of the equipment are different than stated here, a delay of the construction is to be expected. Thus, a shift in the timetable is inevitable and is not the responsibility of the ARTIST.

Catering-
MORAN MAGAL is travelling in a group of 3 people.(optional) Meals are to be provided by a catering company.
Drinks:
Non-sparkling water, one at the stage and one backstage.

Inputs

1.Grand Piano ((in case there is no grand piano the artist will use an E piano, ! 88 weighted keys only! Sustain Pedal is a must! And then a DI box is needed.
2. Microphone near the piano Main Vocals - on the left side of the piano.
3. Additional Microphone center stage Main Vocals next to the looper

4. Stereo DI yamaha keyboards
5.-Stereo DI Looper

6.Stereo DI Drum Pad

Monitoring
2 stage monitors

Picture of the loop station-
